This quilt consists of 9 – 8 ½" x 10 ½" fusible appliqué blocks, plus sashing and borders. All cuts are based on 44 ½" wide fabric. All seam allowances are to be ¼".

CUTTING

Cut 5 – 8 ½" x 10 ½" ivory rectangles and 4 gold floral rectangles.

Cut 2 – 2" strips green for sashing, cut into 6 – 2" x 8 ½" and 6 – 2" x 10 ½" green strips.

1 – 2" strip red for sashing squares, cut 4 – 2" squares red.

Cut 4 – 2" strips stripe for inner borders.

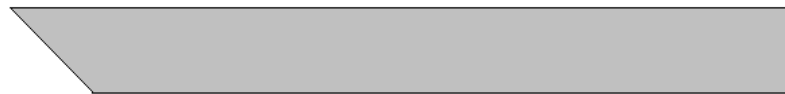

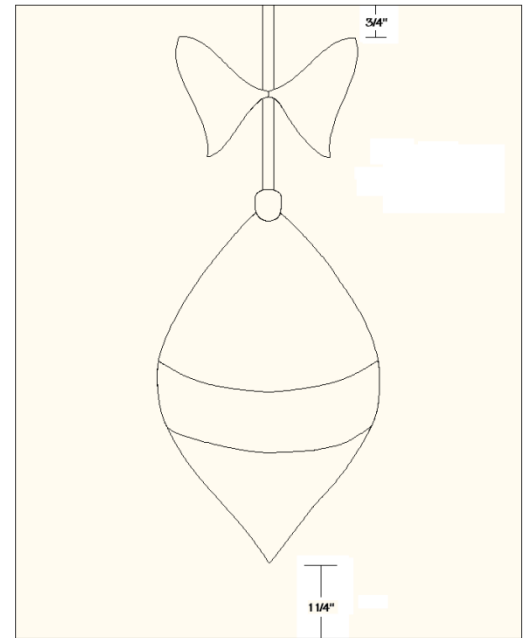

Cut 2 – 4 ½" strips red for horizontal borders.

Cut 3 – 4 ½" strips green for vertical borders.

Cut 5 – 2 ½" strips stripe for binding.

SEWING

1. Place ornament pattern over lightbox or on window and trace 9 each of the five ornament parts onto paperbacked fusible web.
2. According to manufacturers web direction, fuse to backside of selected fabrics. Cut out on line.
3. Fold background strips in half vertically. Press in a fold line to create a center placement line.
4. Center ornament on line and 1 ¾" from bottom edge. Tuck ¼" black strip under top of ornament. Center bow ¾" down from top edge. Place mid band and ornament top into place
5. Fuse onto background and stitch around all parts with machine blanket stitch and gold thread.
6. Arrange blocks as shown in color picture. Sew 10 ½" vertical sashing strips between blocks.
7. Sew 2 – 2" red squares between 3 – 8 ½" green strips. Make two of these horizontal sashing strips.
8. Pin horizontal sashing strips at seam lines. Sew sashing strips between horizontal rows. Press.
9. Measure width and cut top and bottom inner stripe borders. Pin, sew and press.
10. Measure, cut, pin and sew side inner borders.
11. Carefully cut a 45 degree angle on the left side of the top red border (right side up).

12. Lay it over top of quilt, right sides together and ¼" from edge. Pin to quilt top.

13. Place ruler ¼" from right end, mark 45 degree line on the BACKSIDE of the fabric. Check accuracy of placement of the line, before making next 45 degree angle cut.

14. Sew top border to quilt STOPPING ¼" SHORT of right edge of quilt.

15. Make a 45 degree angle cut on the left end of right green border (right side up). Pin and sew angled ends of red and green borders, stopping ¼" from end. Pivot green border into place.

16. Pin and mark next 45 degree line, as you did in the previous step. Continue process to complete borders.
